

Change your association. **Change yourself!**

**think big.**

If you attended any state, regional or national meetings – I bet that at some point you asked yourself “what do those officers and speakers have that I don’t have? What makes them so special that everyone believed enough in them to elect them to office or ask them to speak?”

**The answer to these and many other questions will be presented at the upcoming Leadership Training and Information Day being hosted by Tri-County LSPA!**

Come join us for a day of

thinking outside

**By gaining control of your thinking,  
any obstacle can be overcome.**

You do not have to have ever been a committee chair or officer to attend this session!  
You do not have to be a current committee chair or officer to attend this session!

**We want you to *think big!***

We want you to think about being a committee chair or think about running for office! Come learn from Past Presidents and current leaders about the various elected officer positions within our association. You will also be provided with an overview of the committees so that you can make an informed decision about your future and your role in changing your association by changing yourself.

Participation in this seminar will provide you with the information, knowledge and training for you to get the most of out your NALS experience and prepare to be a future leader in the association.
